An earlier version of this article gave an incorrect figure on page 5: 'Based on the standards of the American Association for Public Opinion Research (AAPOR), the response rate was 22.0% (RR3)[15].'

The correct sentence reads: 'Based on the standards of the American Association for Public Opinion Research (AAPOR), the response rate was 21.6% (RR3)[15].'

The wording of the article in issue 4/2020 was corrected accordingly.

The corrected version of the article is available at [DOI 10.25646/7172.2](https://doi.org/10.25646/7172.2)
